English Version

## Ventilation for buildings - Design and dimensioning of residential ventilation systems

Ventilation des bâtiments - Conception et dimensionnement des systèmes de ventilation résidentiels

Lüftung von Gebäuden - Ausführung und Bemessung der Lüftungssysteme von Wohnungen

This Technical Report was approved by CEN on 30 January 2006. It has been drawn up by the Technical Committee CEN/TC 156.

CEN members are the national standards bodies of Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.

## Contents

	Page
Foreword.....	3
1 Scope .....	4
2 References.....	4
3 Terms and definitions .....	5
4 Symbols and units .....	6
5 Need for ventilation in dwellings (residences) .....	6
6 Design assumptions for residential ventilation.....	9
7 Performance requirements for ventilation systems.....	10
8 Design rules for residential ventilation systems.....	22
9 Specification and documentation .....	27
Annex A (informative) Residential pollutant production rates .....	28
Annex B (informative) The relationship between humidity and temperature and use of the psychrometric chart .....	31
Annex C (informative) Method of calculating water vapour absorption effect .....	33
Annex D (informative) Residential ventilation systems and their interaction with the dwelling.....	35
Annex E (informative) Calculation methods for ventilation requirements .....	40
Annex F (informative) Examples of assumptions and resulting calculated values for ventilation air flow rates .....	43
Annex G (informative) Noise .....	52
Annex H (informative) Nomograph for calculating air flow rate to reduce the risk of surface condensation occurring on the inner wall surface for various wall U-values and ambient air conditions.....	59
Bibliography.....	61

## Foreword

This Technical Report (CEN/TR 14788:2006) has been prepared by Technical Committee CEN/TC 156 “Ventilation of buildings”, the secretariat of which is held by BSI.
